

PROVINCE TO LAUNCH EXTENSIVE WORKS

Expert Named To Study Finances Of Vancouver

Mayor McGeer Accepts Recommendation of Bondholders' Meeting and Will Ask Council to Make Appointment

T. Bradshaw Of Toronto Chosen

Canadian Press
Vancouver, Feb. 12.—The meeting of Vancouver bondholders here to-day recommended that Thomas Bradshaw of Toronto, expert in municipal finance, be appointed to examine the finances of Vancouver. Mayor G. McGeer accepted the recommendation and will recommend the appointment to the city council.

This action was taken after the meeting had voted on the suggestion of the Vancouver city council that interest charges be reduced 15 per cent.

In passing a resolution refusing a reduction of interest, the meeting stuck by the proposal made in the notice of meeting rather than dealing with Mayor McGeer's suggestion at yesterday's meeting that a committee be appointed to examine into the city's finances.

The resolution was moved by J. W. de R. Harris, K.C., representing \$35,000,000 worth of bonds, including holdings in Great Britain, and seconded by G. C. Ferguson of Winnipeg.

Leon J. Leduc, K.C., then made the proposal that, in line with the mayor's request for co-operation, Thomas Bradshaw be appointed to make an investigation of the city's finances and to report to the bondholders and taxpayers and who would make recommendations that would be in line with the suggestions of the bondholders of the city. Mr. Harris did not vote on this proposal, stating his instructions from those he represented permitted him to say neither "yes" nor "no."

After Mr. Harris had read the lengthy resolution of refusal of an interest reduction, the meeting made a spirited argument, the meeting voting from cries of "Oh Oh" and protest, to bursts of laughter as Mayor and representatives engaged in arguments or witty remarks.

REFUNDING POLICY

"If you proposed a refunding policy instead of a defaulting policy you might get our co-operation," one representative declared. "It is your methods that are wrong."

"My methods have often been wrong," replied the mayor. "I expect they will be wrong again. But I hope they will be wrong at the time when, having started wrong, I may

A NEW MECHANICAL DOCTOR'S ASSISTANT

Associated Press
Chicago, Feb. 12.—One of the newest of mechanical men is a doctor's assistant. It tells one's height, weight and pulse count—all for a penny. The device will be exhibited when the National Association of Coin-operated Machine Manufacturers meets here Feb. 12.

Official at Opening of Legislature

LIEUT.-GOVERNOR J. W. FORDHAM JOHNSON

Substantial Total To Provide Jobs Forecast As Legislature Opens

Speech From The Throne Text

Record of Improved Conditions Shown in Opening Address to House

Following is the text of the speech from the Throne delivered by the Lieutenant-Governor at the opening of the Legislature this afternoon:

"Mr. Speaker and Members of the Legislative Assembly:

"Since I last had the pleasure of meeting this assembly many significant events have transpired.

"During the past year efforts have been made to bring about a betterment of conditions and it is gratifying to feel that there is every evidence of a return of confidence and improvement in business generally.

"The twenty-fifth anniversary of the accession of His Gracious Majesty King George V to the throne will be celebrated in May of this year. His Majesty's intense devotion to the welfare of all the people of the empire has won ever-increasing respect and this occasion will be marked by expressions of loyalty, good-will and affection in all parts of the empire.

"Last month's weather conditions were experienced almost unprecedented in the province, and a great deal of physical hardship and damage to property took place.

"My government took prompt action to co-operate with local authority and individual effort in meeting the emergency, a survey of the damage done has also been in progress and appropriate action will be taken in order effectively to cope with the devastation which occurred. You will be asked for appropriations to meet these conditions.

"Since prorogation last year this Legislature has lost a valued member in the death of the former member for North Vancouver, the late Mr. Anderson, which is much regretted.

"Several conferences were held last year between the Dominion and provincial governments in connection with a number of matters, particularly unemployment, and it is clear that further deliberations must take place in the near future in order to adequately meet the problem confronting the various provinces, as well as the Dominion as a whole. In view of the fact that opinion now appears to be unanimous that there should be a redefinition of Dominion and provincial jurisdictions in respect of a number of vital matters.

READY FOR HIS SECOND SESSION

PREMIER J. B. PATTULLO

For nineteen years Premier Pattullo has been sitting in the British Columbia Legislature as the representative of Prince Rupert and to-day he embarked on his second session as the leader. After serving many years as a member of the cabinet and five years as leader of the Opposition, he is now Premier.

House Asked to Vote Money For Works Programme, Apparently Roads, Fraser River Bridge and Repairs to Storm Damage; Aggregate Expected to Be Over \$5,000,000

All Seats Taken For Ceremonies

New Deal For Municipalities Promised; Legislation For Session Outlined

British Columbia will undertake a substantial public works programme in the coming year, it was announced in the Speech from the Throne by His Honor J. W. Fordham Johnson, Lieutenant-Governor, at the opening of the Legislature this afternoon.

While no details were given, it is believed to refer to the road-making scheme under contemplation for several months, which had been estimated at \$5,000,000 to \$6,000,000.

In addition the Legislature will be asked to vote funds for the construction of the new Fraser Bridge at City of Vancouver. Cost of this structure had been estimated at \$5,000,000 to \$6,000,000.

Appropriations to cover repairs to storm damage to roads, bridges and floods will also be sought. This probably will run from \$200,000 to \$300,000.

In the total, the House will be asked to vote for some \$5,000,000 for the year.

The speech also included a definite promise to review and redefine the scope of municipal powers.

Specific items of legislation this session, besides those referred to above, are: the new Motor Vehicle Act, the Game Act, the Provincial Elections Act, and amendments to the Criminal Code, the Securities Fraud Act and the Insurance Act.

Packed galleries heard the Lieutenant-Governor deliver the speech from the Throne and witnessed the solemn ceremonies of the opening. Despite a raw wind blowing across the Courtyard a large crowd congregated outside the building.

As the Lieutenant-Governor arrived in front of the Parliament Buildings promptly at 1 o'clock he was accompanied by his aides, Lieutenant-Commander A. C. Wurdell, R.C.N., and Capt. R. Mitchell from Work Point Barracks, and A. M. Fairbairn, his private secretary.

With Mrs. Johnson in a separate party were Commander and Mrs. G. C. Jones and Capt. and Mrs. Robert Macdonald.

The salute of fifteen guns was fired to signal the arrival of His Honor by the Fifty-eighth Field Battery of the Fifth Brigade, under Major R. E. A. Dwyer, C.F.C., and Major R. E. A. Dwyer, C.F.C., and Major R. E. A. Dwyer, C.F.C., and Major R. E. A. Dwyer, C.F.C.

GUARDS OF HONOR

The Lieutenant-Governor then proceeded to the House of Commons, where he was met by the Guards of Honor, the First Battalion Canadian Scottish Regiment, under Capt. W. A. Oliver, and the Royal Canadian Mounted Police, under Major R. E. A. Dwyer, C.F.C.

His Honor then ascended the steps to the rotunda accompanied by his aides and secretary. The party went out at the top by the main entrance, where they were met by the Hon. J. B. Pattullo, Premier, and the Hon. J. B. Pattullo, Premier, and the Hon. J. B. Pattullo, Premier.

Then followed the time-honored procedure in which the Speaker of the House, Mr. J. B. Pattullo, presented the Hon. J. B. Pattullo, Premier, to the House and the Hon. J. B. Pattullo, Premier, presented the Hon. J. B. Pattullo, Premier, to the House.

The procession back to the assembly hall was led by the Hon. J. B. Pattullo, Premier, followed by the Hon. J. B. Pattullo, Premier, followed by the Hon. J. B. Pattullo, Premier, followed by the Hon. J. B. Pattullo, Premier.

Upon reaching the House the Hon. J. B. Pattullo, Premier, presented the Hon. J. B. Pattullo, Premier, to the House and the Hon. J. B. Pattullo, Premier, presented the Hon. J. B. Pattullo, Premier, to the House.

Then followed the first of the session, the Hon. J. B. Pattullo, Premier, presented the Hon. J. B. Pattullo, Premier, to the House and the Hon. J. B. Pattullo, Premier, presented the Hon. J. B. Pattullo, Premier, to the House.

This is the customary session which symbolizes the presence of the people's representatives.

OIL BURNERS AGAIN BLAMED

Coal Men Tell Fuel Inquiry 2,200 Houses Here Have Installed Equipment

The Royal Commission investigating the coal and oil industry and business in British Columbia adjourned at noon to-day to enable those connected with it to attend the opening of the Legislature.

At the same time it was announced that the commission instead of beginning its daily sessions here at 10:30 o'clock, would, beginning Wednesday, not open until 11 o'clock. This is to enable the staff to catch up with the work and ease the strain resulting from the long regular sessions since the first of last week.

James Painter of J. E. Painter and Sons, who was on the stand this morning, told how the firm had been carrying on business since 1902.

"Have you been losing or making money lately?" asked C. H. O'Halloran, commission counsel.

"Just about breaking even, if we collect all our debts," Mr. Painter replied.

He gave figures showing how the firm had handled 3,333 tons of oil in kind of coal in 1932, but the total had dropped to 2,200 for 1934.

Asked what he ascribed the drop to, Mr. Painter replied that fuel oil for kitchen range use was the biggest factor. His firm now does an oil business as well as coal, selling and delivering the oil by the barrel to householders.

Asked about the cost of operating a kitchen range on oil, Mr. Painter replied that a man has told him that he got through on 80 cents a week.

Mrs. Tapscott, operating the F. T. Tapscott agency in the north end of the city, testified that sales of coal to householders were dropping as the people were putting in new oil burners.

SCHOONER WAS IN NEED OF AID

Seth Parker Reports Statement of H.M.A.S. Australia's Captain

Associated Press
San Francisco, Feb. 12.—The disabled schooner Seth Parker relayed to-day from the South Sea a message her captain, Philip H. Lord, said he had just received from the cruiser Australia, saying the commander, Captain McLeod, was satisfied aid had not been asked "unnecessarily."

Lord sent the message to the National Broadcasting Company, which made it public here.

"I realize what you have been through," Lord quoted Captain McLeod. "and am satisfied there never has been any question you calling on me unnecessarily. Good-bye and good luck."

The Australia then went on her way for a second time.

San Francisco, Feb. 12.—Nine of the thirteen sailors who set out for an adventure cruise on the schooner Seth Parker were aboard the cruiser Australia to-day after their rescue in the South Sea.

Phillips Lord, the radio impresario-skipper, whose trouble calls once before had brought the Australian warship to the schooner's side, and four others still were aboard the round-the-world adventure ship, apparently awaiting a "hitch-hike" tow from a United States naval vessel, expected Thursday.

Hauptmann Case To Be Given To Jury To-morrow

Prosecutor D. T. Wilentz, in Address to Jurors, Asks For Death Penalty; Judge's Charge To-morrow Morning

Associated Press
Flemington, N.J., Feb. 12.—The case of Bruno Hauptmann will go to the jury to-morrow morning.

Prosecution attorneys said during the mid-afternoon recess to-day that Justice Thomas W. Trenehard had advised them he would deliver his charge to the jury at the opening of court to-morrow morning.

Prosecuting counsel, bringing the trial towards its end-to-day, charged the defence was financed by "cranks, idiots and fools," and that the "public enemy No. 1" of the world, and asked the jury to show no mercy.

"This murder of the Lindbergh child," cried Attorney-General David C. Wilentz, "would shrink into absolute insignificance in comparison with the crime that would be committed if this man were freed. That would be the crime of the century."

"To let him roam the streets of this country and make every woman in her home shudder again, that would be a real tragedy, an American tragedy."

DESCRIBED AS ANIMAL

The attorney-general characterized the Bruno carpenter, who is accused of kidnapping and murdering Baby Charles A. Lindbergh, an "animal lower than the lowest form in the animal kingdom."

"If you get the feeling that this case is what Mr. (Edward J.) Kelly says, a perfect case, it is your solemn duty to find a verdict of murder in the first degree."

(Turn to Page 2, Col. 4)

NEW RULE FOR STOCKS URGED

Canadian Press
Toronto, Feb. 12.—Finding that J. H. Hirschman had manipulated stock of the Gunter Gold Mines in such a way as to cause the price to rise to 61.45 and within two hours drop to 34 cents, J. M. Godfrey, Ontario securities commissioner, in his report on his investigation, to-day said that the Canadian law permitted this manipulation, and asked that the federal government take steps to block the loophole.

The commissioner said that after "very careful investigation, I have come to the conclusion that he (Hirschman, who is a stock dealer with the Toronto Stock Exchange)

(Turn to Page 2, Col. 5)

NO ETHIOPIAN SUM FOR ITALY

Abyssinians Will Refuse to Pay Indemnities, Says Minister at Rome as Italian Troops Mass

Associated Press
Rome, Feb. 12.—Ethiopia's diplomatic envoy to Rome to-night announced Ethiopia would not pay a cent to Italy as indemnities, that the African empire had 1,000,000 men available to fight Italy, that no foreign power was expected, as an ally, and that "Ethiopia does not need one."

King Haile Selassie, Menelik Yesus said, had 50,000 armed men at his command prepared to battle to the death for their nation's independence. A force of 1,000,000 could be raised on short notice, he declared.

Italian official circles, however, estimated the potential military strength of Ethiopia, or Abyssinia, at not more than 200,000 trained fighters and eight airplanes—one of the tourist variety, a present from Italy to King Selassie at the time of his coronation.

LEADERS HERE IN ROME

Rome, Feb. 12.—The Supreme Council of Defence of Italy, presided over by Premier Mussolini, met to-day and considered the border dispute with Ethiopia—shortly after government spokesmen had announced peace negotiations, though strained, were proceeding at Addis Ababa and that 30,000 Italian troops were massing on the Italian-Ethiopian border.

Italy was described as adamant in her previous demands for reparation for Italian casualties in several recent border incidents and has proposed a

(Turn to Page 14, Col. 4)

STRONG WIND SWEEPS CITY

Gale Over City From South-east Bringing Mild Weather to Victoria

A strong wind, reaching almost gale-like velocity swept over Victoria this morning, from the southeast, bringing mild weather and rain squalls in its wake. The waters of the Straits and the Gulf were whipped into white caps and great breakers threw their spray high over the rocks and the various seawalls along the waterfront.

The wind sprang up this morning about 6 o'clock and an hour later was blowing at thirty-mile an hour from the southeast. It was announced at the Meteorological Observatory on Gonzales Hill. It increased in velocity during the morning and at noon was blowing between forty and forty-four miles an hour, with five-minute intervals of forty-eight miles.

HAD BRIGHT TRIP

The St. Ingeborg, which left here at 9 o'clock for Port Angeles had a rough trip across the Straits. She headed straight into the teeth of the gale and residents of the waterfront reported she dipped her nose into the water and then turned back to Port Angeles after once passing the entrance to the Straits.

(Turn to Page 1, Col. 1)

CLERGYMAN SAYS MURDER CONFESSED

Associated Press
Flemington, N.J., Feb. 12.—A cry of a clergyman, "a man confessed that murder to me in my church," started the court where Bruno Hauptmann is on trial to-day as the state was making its final plea to send him to the electric chair.

The man stood on a window ledge in the courtroom to shout his interruption. He was dragged down by a deputy and a hand was clapped over his mouth. The court was in turmoil.

The clergyman was Rev. Vincent G. Burns, brother of the notorious Georgia chain-gang fugitive.

Both sides questioned the man's sanity.

(Turn to Page 2, Col. 4)

Jobless Insurance To Cover 1,700,000

BC. DEFICIT IS SLASHED

Public Accounts Show Current Revenues \$373,977 Behind Expenditures

British Columbia's financial deficit on current accounts in the year 1933-34 was \$273,977, but in the same year other expenditures charged to capital were \$2,625,254 and sinking fund installments amounting to \$2,347,000 were not set aside.

These were the figures given in the public accounts tabled in the Legislature this afternoon by Hon. John Stice, Minister of Finance.

They cover the last seven and one-half months of the Talmie regime, and the first four and one-half months of the Pattullo administration.

Though they show that B.C. went behind about \$2,625,000 in that year, taking into account the shortage in sinking funds and the finding of unemployment relief costs.

The small deficit on current account was a source of satisfaction to the finance department. The budget presented in 1933 anticipated a deficit of \$2,525,000, but made provision for sinking funds. However only a small portion of the sinking funds were set aside, leaving a current deficit of \$273,977.

Current revenues were \$749,000 short of the estimate and current expenditures were just \$43,000 more than the estimate.

The following table shows, in summarized form, the financial picture for the twelve months:

	Estimated	Actual
Total revenue \$10,000,000	\$10,000,000	\$10,000,000
Total expenditure \$12,700,000	\$12,700,000	\$12,700,000
Deficit	\$2,700,000	\$2,700,000

(Turn to Page 2, Col. 5)

Liberal Leader King Approves Launching of Measure Now; Premier Bennett Gives Commons Figures

Canadian Press
Ottawa, Feb. 12.—The number of Canadians who will be eligible for the government's unemployment insurance scheme is about 1,700,000, it was stated by Premier R. B. Bennett to-day in the House of Commons.

On the basis of the 1921 census, the number would be 1,701,000, of whom 1,600,000 were men, he said.

On the basis of the 1931 census, the number of workers excluded from the scheme would be 604,167, the majority farmers.

The Premier gave these figures this afternoon when moving second reading of the Unemployment Insurance Bill in the Commons. He said it should be realized the bill was an insurance measure and not a relief measure.

SUPPORTED BY KING

Full support of the principle of unemployment insurance and agreement in the desirability of launching such a measure now was expressed by Liberal Leader Mackenzie King. Mr. King followed Premier Bennett in the debate on second reading of the bill.

POULTRY EXPORTS

Canadian Press
Ottawa, Feb. 12.—The demand for Canadian poultry in the United Kingdom, coupled with consideration of wages and means to meet this demand, while at the same time raising the quality of the product, will require close attention at conferences to be held here over the week-end. Last year Canada's poultry exports were well received in Great Britain and aggregate made for some

(Turn to Page 2, Col. 5)

EXPENDITURES WERE REDUCED

B.C.'s Current Outlay in 1933-34 Lowest For Many Years

British Columbia's current expenditures in 1933-34, outside of unemployment relief and sinking funds, fell to the lowest point in more than a decade, and were \$7,600,000 less than the peak year of 1920-21, according to a comparative statement in the public accounts submitted to the B.C. Legislature this afternoon.

Similarly revenues dropped to the lowest point for many years, being \$8,000,000 less than the peak year of 1920-21.

Following are expenditures on current account for the five-year period: 1929-30, \$9,520,000; 1930-31, \$9,591,000; 1931-32, \$8,523,250; 1932-33, \$8,542,177; 1933-34, \$10,001,000.

Revenues for the same period: 1929-30, \$9,520,000; 1930-31, \$9,591,000; 1931-32, \$8,523,250; 1932-33, \$8,542,177; 1933-34, \$8,001,000.

There are some at the Parliament Buildings with whom the cry of a short money season is not popular. They are the students who have been secured from the ranks of the unemployed and would just as soon see the session last six months as the average six weeks.

(Turn to Page 2, Col. 5)

If there were three times as many seats available for the opening of the House to-day, Mr. Speaker Perry would still have been unable to meet all the demands for reservations.

A dozen or more ex-cabinet ministers and members were on the sidelines watching proceedings in which some of them had been actors in for ten years or more.

Two women members of the B.C. Legislature, Mrs. Paul Smith, Liberal, and Mrs. D. G. Stevens, C.C.F., were believed to be a record in Canadian Parliament. Manitoba had two. British Columbia when it elected Mrs. Mary Ellen Smith, however, was the first province to name a woman member.

There are some at the Parliament Buildings with whom the cry of a short money season is not popular. They are the students who have been secured from the ranks of the unemployed and would just as soon see the session last six months as the average six weeks.

(Turn to Page 2, Col. 5)

Must lower interest rates mean LOWER INCOMES?

LET AN IMPERIAL INCOME PROTECTION POLICY make up the deficiency

A FEW years ago your estate was, perhaps, adequate to care for your dependents—sufficient to provide an income for yourself after retirement. Is that true today? At present low interest rates what yearly income would your estate earn?

A quick and certain means of building up your estate is afforded by an Imperial Income Protection policy. In case of your death the full value of the policy will be immediately available for your dependents; and in case you live capital will be accumulated to provide an income for yourself after you retire from business life.

Such a policy will guarantee to you, for example, (a) \$50 or more a month for life, beginning when you are sixty (b) \$5,000 or more in cash for your dependents if you die before age sixty and (c) absolute safety for your investment regardless of the ups and downs of business.

Stop worrying about low interest rates. Get information about how an Imperial Life policy will endow your estate with ample income-earning power.

Name _____ Address _____ Age _____

Island Leads In Auto Travel Gain

Increased Percentage of Motor Tourists Noted in Bureau Report

An increase last year of 15 per cent in the number of tourists noted that visiting Vancouver Island last summer was one of the outstanding features noted in the annual report of the Victoria and Island Publicity Bureau presented at the Empress Hotel to-day.

After giving figures on visiting cars, the report stated:

In view of the above, we have no hesitation in stating that it is our firm conviction that from now on, unless some unforeseen world catastrophe occurs, travel to Victoria will increase, gathering momentum each year. We realize that this is probably the most important announcement that has been made in Victoria during the past few years, as it is now fully recognized that the tourist business is the industrial life-blood of this city.

1931, 24,500 autos, decrease ... 5%
1932, 25,500 autos, decrease ... 4%
1933, 25,500 autos, decrease 1% of 1%
1934, 29,470 autos, increase ... 50%

The story of all automobile travel to Vancouver Island during the last four years was told in the following figures:

While the activities cover many

fields, the Victoria and Island Publicity Bureau's main objective is, of course, the persistent building up of Victoria's tourist business. At our last general meeting we were happy to be able to announce that Victoria's tourist business in 1934, as compared with 1933, showed only a decrease of less than one-third per cent in car travel, as compared with a decrease of 25 per cent for the whole of British Columbia and a decrease of 22 per cent for the whole of British Columbia and a decrease of 22 per cent for the whole of the Dominion.

"Last year we stated that we had reason to believe that travel of 1935 was a minimum and that 1936 would show an increase, if only a small one. Here are some actual figures:

"Foreign motor-cars entered British Columbia at mainland (Vancouver) border ports of Pacific Highway, Douglas and Huntington: 1933, 65,000; 1934, 65,370. An increase of 351 motor-cars or half of one per cent.

"Foreign motor-cars entered British Columbia at (Victoria) border ports of Sidney and Victoria: 1933, 5,672; 1934, 5,200. An increase of 1,300 motor-cars, or 45 per cent.

By special provincial order, the up-set price for disposal by the Land Settlement Board of the old Christmas ranch near Estevan was reduced to-day. In 1933 an upset price of \$15,000 was fixed on this ranch, which constitutes 440 acres, but after several years the question has been advanced that this figure is still too high and is now open to free tender.

Island Publicity Spread By Bureau To Fifty Million

TOURIST VIEWS ON BILLBOARDS

Ruin Scenery and Spoil Drives, Auto Sightseers Report to Bureau

The weight of public opinion, as indicated by replies received by the Victoria and Island Publicity Bureau to questionnaires is against roadside advertising. It was reported at the annual meeting of the Victoria and Island Publicity Bureau to-day.

Opinions of Victoria hotels, attractions and complaints they offered were also tabulated from the questionnaires.

"During recent years," says one report, "there has been much controversy, not only on this continent but also in Europe, with regard to roadside advertising, and as a result most provinces and countries have passed resolutions either prohibiting or governing the same. The questionnaires sent out by the bureau show that the weight of public opinion is opposed to this form of publicity. Answering the question, 'Are you in favor of billboards?' the visitors answered yes, while 916 were opposed, stating that billboard advertising ruined scenery and spoiled spectacular motor drives and views.

By means of these questionnaires the bureau has received no fewer than 1009 names and addresses of people who, the sending state, will be included in receiving descriptive literature of Victoria, and who will most probably come to Victoria for their holidays in the near future.

PREVENTION IS VALUABLE

Dr. H. M. Cassidy Tells Importance of Preventive Work in Social Services

Stressing the value of prevention work in connection with the administration of public social services, Dr. H. M. Cassidy, director of public services for British Columbia, spoke to members of the Gyro Club at luncheon yesterday at the Empress Hotel.

Dr. Cassidy said it was infinitely cheaper to encourage preventive work and so avoid appealing bills for cures. The speaker dealt at some length with the mental hospitals in British Columbia, which were administered by the Provincial Secretary's Department. In the mental hospitals of the province were 2,500 patients, he stated. These institutions cost \$1,100,000, of which the government paid half.

"In the old days these institutions were known as asylums," Dr. Cassidy said. "There was no hope for a person that went into one of them. That was because in those days there was no science developed for mental diseases. Nowadays a person who loses his mind is not hopelessly incurable. With the right treatment many can regain their mental health. It is not possible in every case, of course, but it is possible to a great extent if the case is taken in time. In a modern mental hospital is found much the same environment as in an ordinary hospital. Most of the patients do not look any different, nor do they act differently."

MANY AT WORK

"The objective of mental hospitals," Dr. Cassidy continued, "is to give to people rest, freedom from worry and a certain amount of work. On the Colony Farm at Esquimalt the men chop wood, drive horses, pitch hay and do the ordinary work of a farm. A very substantial number of the patients can be occupied in putting into condition where they can adjust themselves and be safely discharged to the outside world.

"We want patients to become no longer than it is absolutely necessary for their own good. From a financial standpoint we don't want to keep them there. It costs about \$600 a year to keep a patient in a mental hospital."

Also part of the duty of his department was to combat tuberculosis, Dr. Cassidy said. In this connection he mentioned that 1934 would show a minimum and that 1936 would show an increase, if only a small one.

"Foreign motor-cars entered British Columbia at mainland (Vancouver) border ports of Pacific Highway, Douglas and Huntington: 1933, 65,000; 1934, 65,370. An increase of 351 motor-cars or half of one per cent.

"Foreign motor-cars entered British Columbia at (Victoria) border ports of Sidney and Victoria: 1933, 5,672; 1934, 5,200. An increase of 1,300 motor-cars, or 45 per cent.

Articles and Photographs Reach Every Part of Globe, Annual Report of Bureau Shows

Publicity matter sent out last year by the Victoria and Island Publicity Bureau reached 50,000,000 readers it was estimated in the report read by the publicity commissioner, George I. Warren, at the annual meeting in the Empress Hotel this afternoon.

"During the last ten years," the report said, "the bureau has prepared and sent out to newspapers, magazines and periodicals of all kinds in all parts of the English speaking world, innumerable illustrations, long and short, paragraphs and 'fillers,' all telling from 101 points of view the beauty and attractions of Victoria and Vancouver Island—our climate, our fishing, our golf, our forests, our rivers, our industries, our history and our pleasant social life."

THE PREPARATION OF SUCH ARTICLES so that they will have a strong appeal to editors of newspapers and other publications not only in the United States but also in Great Britain and other parts of the British Empire, calls for special ability, and we feel that the bureau is thankful to be complimented on having Frank Glavin as its editorial writer.

"During 1934 over 5,500 copies of articles, paragraphs and 'fillers' were sent out to newspapers, magazines and other publications in Canada, the United States, Great Britain, European settlements in the Orient and elsewhere. The total circulation of the papers, magazines and periodicals supplied is well over 10,000,000, which means that at a conservative estimate, including mailing, postage and photographing, describing and picturing Victoria and other parts of Vancouver Island were placed before 50,000,000 readers during the last twelve months."

After a general debate, the meeting voted to start the parade at 10:30 o'clock in the morning. Floats and other entries in the parade will be judged before the start and will carry the ribbons with them through the streets in procession.

Suggestions for a kiddie-car race on Yates Street hill were considered as were other features of the celebration, including street carnival, planing, racing, dancing, free acts and various other entertainments.

While the amounts represented reductions from the requests tabled with the finance committee, they nevertheless were expected to meet the amount required.

After presenting these figures, Alderman Worthington explained they only need for the festival features which would result in a dead loss. Other departments of the varied programs would be revenue producing, he said.

When the amounts represented reductions from the requests tabled with the finance committee, they nevertheless were expected to meet the amount required.

After presenting these figures, Alderman Worthington explained they only need for the festival features which would result in a dead loss. Other departments of the varied programs would be revenue producing, he said.

HEAR PLEA FOR HARD HIGHWAY

After hearing a plea from the Campbell River Board of Trade, supported by the Courtenay-Comox Board of Trade, the Victoria and Island Publicity Bureau, the local Chamber of Commerce left the matter in charge until the meeting of the Associated Boards of Trade of Vancouver Island at Nanaimo next Friday.

The project has been given favorable consideration at an earlier meeting of the local chamber. It was noted at yesterday's meeting of the directors in Spencer's dining-room.

James Purdie drew the attention of the directors to the fact that he had made two years ago when they went on record favoring the idea of road work on the island but did not support the action was taken after a letter from all boards of trade in the province was received by the provincial government to speed money.

Favor Provincial Trade Board Body

Directors of the Victoria Chamber of Commerce yesterday endorsed a scheme to reorganize the British Columbia association of boards of trade. The action was taken after a letter had been read from the Vancouver Board of Trade supporting the scheme.

R. H. E. Kay pointed out the situation would be low and expenses would be kept to the minimum. By means of a provincial reorganization a co-ordinated viewpoint from all boards of trade in the province could be secured, he said.

Outstanding accounts for December and January totaling \$25,513.25, were paid by the City Council at their meeting yesterday evening.

COMPLETE PART OF ESTIMATES

Ordinary estimates of the City of Victoria for 1935, totaling \$200,000, were passed by the trustees yesterday evening. This amount represents an increase over last year's total owing to additions to the estimates for school, and the proposed re-opening of school buildings, which came under the heading of repairs.

It is expected the trustees will request an additional \$100,000 from the municipal council, in which to submit the extraordinary expenditure.

DRAW BUDGET FOR MAY 24

Funds Tentatively Set For Different Non-revenue Producing Celebration

A tentative budget of \$5,500 was brought down for non-revenue producing features of Victoria's proposed May 24 celebration at a meeting of the program committee in the City Council chamber yesterday evening.

Alderman T. W. C. Hastings, general chairman, presided at the gathering and Alderman John A. Worthington, leader of the finance group, brought in a suggested budget.

The figure was not final. It was explained, but subcommittees covered by the grants were requested to keep their estimates within the limits allotted to them. The money draft, if they were available they would be allowed to attend their programs, they were informed.

The total sum was apportioned as follows: regatta, \$1,000; music, \$500; fireworks, \$700; parade, \$5,000, and overhead, \$1,000.

After presenting these figures, Alderman Worthington explained they only need for the festival features which would result in a dead loss. Other departments of the varied programs would be revenue producing, he said.

When the amounts represented reductions from the requests tabled with the finance committee, they nevertheless were expected to meet the amount required.

SHEEP BREEDERS OF SALT SPRING

Proposal to Amalgamate With Agricultural Association Shelled

GANG, Feb. 12.—The annual meeting of the Salt Spring Island Sheep Breeders' Association was held in the Mahon Hall Thursday evening, February 7, with an attendance of about 20 people. The president, Gavin C. Macdonald, occupied the chair. The financial statement showed a balance of \$24.55 in hand.

A discussion on the proposed amalgamation of the Sheep Breeders' Association and Agricultural and Fruit Growers' Association did not arrive at any definite decision, and was left over for a future date. The president, Gavin C. Macdonald, occupied the chair. The financial statement showed a balance of \$24.55 in hand.

A discussion on the proposed amalgamation of the Sheep Breeders' Association and Agricultural and Fruit Growers' Association did not arrive at any definite decision, and was left over for a future date. The president, Gavin C. Macdonald, occupied the chair. The financial statement showed a balance of \$24.55 in hand.

Dr. Gunn expressed his pleasure at being on the island. To congratulate the association on the good work they had done, adding that through their efforts, Salt Spring had been a success. Dr. Gunn said he had heard on good authority that sheepbreeders from as far away as Cape Breton, were planning to attend the next show. Speaking from the experience of his own flock, Dr. Gunn said he had one of the best little shows in British Columbia. He had three suggestions to make, the first of which was not to make too many classes beyond break, especially name; secondly, to get the assistance of outside butchers to come and auction off lambs at the show; and thirdly, to get the judges down earlier, and get more judges. Dr. Gunn said he was going to round out the program started two years ago and to have a contest for the best lamb. He had been more concerned about getting good stock for the show. Too much could not be expected from sheep this year. The recent months have been a success. Dr. Gunn said he had one of the best little shows in British Columbia. Duke May Be Named Church Commissioner

Canadian Press
London, Feb. 12.—It was expected with some confidence in London today that the Duke of Kent, youngest son of the King and Queen, now visiting the British West Indies with his bride, will become Lord High Commissioner of the Church of Scotland this year.

John Buchan, the eminent writer and member of Parliament, has filled the office with distinction during the last two years. The Duke of York, His Majesty's second son, was commissioner in 1929, the year of union with the Presbyterians.

There have previously been reports of a movement to have the Duke of Kent become the next Governor-General of Australia.

SIDNEY PLANS GARDEN CONTEST

Sidney, Feb. 12.—The North and South British Horticultural Society held its monthly meeting in Wesley Hall on Thursday, February 7, J. J. White, vice-president, occupied the chair, in the absence of the president, L. E. Taylor, who recently left for South Africa. S. W. Raven, Victoria, was the guest speaker, taking for his subject, "The Propagation and Cultivation of Tulips and Chrysanthemums." A number of the members of the Victoria Horticultural Society, who were present, were present.

A cottage garden competition will be held this year and it was decided to carry on the work of the junior garden contest, also the boys' and girls' potato club competition in conjunction with the department of agriculture.

Australian Meat Exports Reduced

Canadian Press Cable via Reuters
Melbourne, Australia, Feb. 12.—The Australian government yesterday authorized its high commissioner in London, Sir Horace Stanley Bruce, to accept restrictions on Australian meat exports to Britain for the second quarter of this year, as temporary pending adoption of a long-term policy now under discussion in London.

GARDEN CITY

Garden City and Wilkinson Road senior Canadian Girls in Training group was entertained at the home of Mr. and Mrs. F. Stacey, Woodward Avenue, Saturday evening, at a St. Valentine's supper party. The tables were decorated with pussywillows and Valentine favours.

After supper a short business period was conducted. Gertrude Boorman, vice-president, taking the chair. Further arrangements were made with regard to the play, "The Pill Bottle," a four-act medical mission play, which will be presented by the group in the Wilkinson Road United Church Thursday evening, February 22, commencing at 8 o'clock.

During the evening Mrs. W. Allan, leader, attended a vote of thanks to Mrs. Stacey.

Those present included: Mrs. Allan, Mrs. C. Alexander, the Misses Jean Fryatt, Muriel Buss, Anne Allan, Elsie Fryatt, Bella Stuart, Hilda Brown, Myra Hodgson, Nellie Baines, Annie Stuart, Joyce Stacey, Irene West, Gertrude Boorman, Gertrude Boorman, Peggy Smith, Ruth Pringle and Norma Stacey.

On Sunday evening several members of the Garden City United Church choir visited Mrs. E. B. Olson and Mrs. Gardiner of Marigold Avenue, who are at present confined to their home through sickness, and rendered a selection of anthems and sacred music.

The sum of approximately \$100 will be expended by the municipality of Esquimalt on reconstructing roads damaged by the recent frost and floods. At yesterday evening's session of the municipal council the purchasing of ten barrels of tar for this purpose was authorized.

ON THE AIR

The majority of modern radio receivers are equipped with a feature known as "radio eye" which indicates the strength of the signal received. This feature is particularly useful in the case of portable receivers, where the user can see at a glance whether the receiver is properly tuned and whether the signal is strong enough for reception.

VICTORIA, B.C., TUESDAY, FEBRUARY 12, 1935

CLASSIFIED ADVERTISING TELEPHONES—E4175, E4176

Victoria Daily Times

MINIMUM ADVERTISING CIRCULATION

TELEPHONE
5 a.m. to 5 p.m.—E4175
Advertising—E4176CLASSIFIED ADVERTISING RATES
\$10 per week per insertion.
Minimum charge \$5.
\$1.50 per line per month.
Minimum charge \$2.50.Deaths, \$1.00 per insertion.
Marriages, \$1.50 per insertion.
Deaths, \$1.50 first insertion, and \$1.00 succeeding insertions.
Funeral notices, in Memoriam notices and Card of Thanks, \$1.50 per insertion.

In computing the number of words in an advertisement, estimate groups of three or four figures as one word. Dollar marks and all abbreviations count as one word.

In estimating the number of lines in an advertisement, count five words for the first two lines and seven words for each line thereafter. This is not an absolute rule, but a guide to the number of lines, which depends on the length of the individual words.

The Times will not be responsible for more than one incorrect insertion of any advertisement ordered for more than one line. Any claim for rebate on account of errors or omissions must be made within thirty days from the date of the same, otherwise the claim will not be allowed.

Advertisers who desire it may have replies addressed to a box at the Times Office and forwarded to their private address. A charge of 10¢ is made for this service.

Subscribers wishing their addresses changed should notify this office as well as the carrier. If your Times is missing, phone E4175 between 8 p.m. and a copy will be sent by special messenger.

BOX REPLIES AVAILABLE
Letters addressed to the following boxes are available at the Times Office on presentation of box letter. Maximum replies are obtained by advertisers who follow up replies promptly.

AUDITS AGAIN ARE CRITICIZED

Provinces' Handling of Relief Accounts Dealt With in Report to Commons

Ottawa, Feb. 12.—Provincial audits of unemployment relief money are criticized again today, and by Auditor-General George Gonthier in a report tabled in the House of Commons yesterday afternoon. Mr. Gonthier's report, which was the first of its kind, was a criticism of the provinces' handling of relief money. He said that the provinces had not done enough to ensure that the money was used properly. He also said that the provinces had not done enough to ensure that the money was used for the purpose for which it was intended.

The report, which is for the fiscal year ended last March 31, shows total expenditures of the Dominion Government on unemployment relief to be \$118,348,616. The report also shows that the provinces had received \$118,348,616 from the Dominion Government. Mr. Gonthier said that the provinces had not done enough to ensure that the money was used properly. He also said that the provinces had not done enough to ensure that the money was used for the purpose for which it was intended.

BEER AND WINE MENACE

(Continued from Page 4)

"Should all the world eat pulse, drink the clear stream, and nothing but bread and butter," said the All-Giver who was unpraised, unthanked, and unloved. And so said the All-Giver who was unpraised, unthanked, and unloved. And so said the All-Giver who was unpraised, unthanked, and unloved.

A very great logician and philosopher of England, who was unpraised, unthanked, and unloved. And so said the All-Giver who was unpraised, unthanked, and unloved. And so said the All-Giver who was unpraised, unthanked, and unloved.

Where To Go To-night

As Advertised

Capitol—Garry Cooper in "The Lives of a Bengal Lancer." Columbia—"The Affairs of Cellini," starring Constance Bennett.

Dominion—May Robson in "Grand Old Girl."

Playhouse—"Stamboul Quest," starring George Brent.

Crysal Garden—Swimming.

SEWER FRONTAGE RATE IS LOWER

Ratepayers in the municipality of Esquimalt will pay a lower sewer frontage rate during the present year.

At yesterday evening's session of the municipal council a by-law was passed reducing the rate from 11 to 8 cents per foot. The difference will be made up out of the surplus in the sewer loan sinking fund of the municipality, which has reached sufficient proportions to warrant the action.

FIRE OFFICERS AT CUMBERLAND

Cumberland, Feb. 12.—The annual meeting of the Cumberland Fire Department was held in the council chambers, resulting in the following being elected to office: Chief, C. J. Parnham; assistant chief, J. H. Cameron; captain, F. Watson; F. Shugart; J. H. Banks and D. Bannerman; secretary-treasurer, D. Bannerman.

A new constitution, to replace the one lost with other books of the department in the fire of two years ago, was read and will be further considered.

POLLING RIGHT FOR UNEMPLOYED

Ottawa, Feb. 12.—Angus MacInnis, Labor, Vancouver South, yesterday introduced a bill in the House of Commons to extend to men in unemployment relief camps the right to vote by absentee ballots. It was given first reading.

Under the Elections Act passed last year, certain commercial travelers who might be the right to vote were given the right to vote while being counted in their own ridings. The Vancouver Laborites would extend this privilege to men in unemployment relief camps.

LEG AMPUTATED, MINER SUCUMBS

Cumberland, Feb. 12.—The death occurred at the Cumberland General Hospital on Saturday of James Walker, fifty-eight, as the result of the amputation of his leg following an accident in Number Five mine on January 28. An inquest was held Saturday, when a verdict of accidental death was returned.

Walker was struck by a runaway trip of five loaded cars which broke away near the top of a 4.5 per cent grade and ran backward, after the safety device known as a "drag" had fallen off. Deceased was going up a side road onto the main haulage slope when the accident occurred and had apparently reached the intersection, where the runaway trip left the rails. The hostman attributed the runaway to the fact that the cable or rope hauling up the trip became coiled on the drum of the hoist in a heap in the centre, and the top coil fell over, letting out a slack suddenly. The man in charge of the trip had his hand on the pit coupling the rope to the cars, and the sudden slack caused the pin to come out and release the load.

Plans are now well under way for the annual ball given by the pipes and drums of the Second Battalion, Canadian Scottish Regiment, in the A.O.F. Hall on Friday evening, February 22. The pipe band is making great strides in efficiency and quality of playing. Under the very capable leadership of Pipe Major Donald Cameron, Pipe-Sergeant Ian Duncan and Drum-Sergeant Roy McRae, a very fine band is in the making. New full dress uniforms for the members of the band have been ordered from Scotland, together with equipment for the battalion.

By WILLIAMS

CHAMBER TO HEAR LEADER

Final arrangements for the quarterly meeting of the Victoria Chamber of Commerce in Spencer's dining-room last Monday were authorized by directors of the chamber at their luncheon in Spencer's dining-room last Monday.

W. McI. Clarke, secretary of the Canadian Chamber of Commerce, will be the speaker at the function, it was announced.

Mr. Clarke will attend the meeting of the Associated Boards of Trade of Vancouver Island at Nanaimo next Friday and will come to Victoria Monday evening. He will remain in the city till the following Monday and speak before the local chamber before leaving for the mainland on Monday.

M. J. Coldwell Is Heard in Montreal

Canadian Press Montreal, Feb. 12.—"Less than 150 men in Canada control 94 per cent of the country's supply of finance capital, and every improvement in the efficiency of machines is utilized only for the benefit of the owners," declared M. J. Coldwell of Regina, national secretary of the Co-operative Commonwealth Federation, speaking before a meeting here yesterday.

As a result, Mr. Coldwell said, thousands were on relief, middle-aged men now unemployed would never work again, and youth had no chance to start life with any hope. Machinery and power had transformed the world; their control was the fundamental problem to-day, he said.

SEWER FRONTAGE RATE IS LOWER

Ratepayers in the municipality of Esquimalt will pay a lower sewer frontage rate during the present year.

At yesterday evening's session of the municipal council a by-law was passed reducing the rate from 11 to 8 cents per foot. The difference will be made up out of the surplus in the sewer loan sinking fund of the municipality, which has reached sufficient proportions to warrant the action.

FIRE OFFICERS AT CUMBERLAND

Cumberland, Feb. 12.—The annual meeting of the Cumberland Fire Department was held in the council chambers, resulting in the following being elected to office: Chief, C. J. Parnham; assistant chief, J. H. Cameron; captain, F. Watson; F. Shugart; J. H. Banks and D. Bannerman; secretary-treasurer, D. Bannerman.

A new constitution, to replace the one lost with other books of the department in the fire of two years ago, was read and will be further considered.

POLLING RIGHT FOR UNEMPLOYED

Ottawa, Feb. 12.—Angus MacInnis, Labor, Vancouver South, yesterday introduced a bill in the House of Commons to extend to men in unemployment relief camps the right to vote by absentee ballots. It was given first reading.

SPA LAPSES AS
HOUSE OPENS
Possibility of Re-enactment of Famous Measure Raised

While the famous Special Powers Act, which created such a sensation at the last session of the Legislature, passed automatically on the House opened to-day, there was suggestion in some quarters that the government might find it necessary to seek renewal of the measure.

This view was strengthened when Premier Pattullo this morning declined to make any comment as to what would be done about it.

However, it is fairly clear that the government would not move for a re-enactment unless extraordinary circumstances were held to warrant it.

Premier Pattullo has intimated that the coming year will be one of a "most important and critical character," and the provincial government will want to place itself in the most favorable position possible to take advantage of any opportunities for betterment which may present themselves.

Propose Ottawa Take Over Road

The province's government has offered to turn over the road leading north from Kingston to the national park system to the federal government. Premier Pattullo, announced this morning.

This action followed receipt of a letter from Premier Bennett pointing out that the condition of the road was hampering tourist traffic to the park.

Premier Pattullo immediately replied that the province would gladly hand the road over to the federal authorities for maintenance and development. The road required hard-surfacing.

Furthermore, Mr. Pattullo said, the province hoped to get funds to do hard-surfacing on roads in other parts of the province.

FUNERAL TO-MORROW
Funeral service for the late Enoch George Hyslop, who passed away at his home, 701 Craigflower Road, on Sunday, will be held at 2 o'clock at Carter's Funeral Home. Rev. P. L. Stephenson will officiate and the remains will be laid to rest in Colwood Burial Park.

MUST LEARN TO BE PARROT

"You have to learn to be a parrot," said Councilman F. G. Eaton of Esquimalt in an aside at a council meeting yesterday evening when he came into his first contact with the procedure for the handling of by-laws.

Councilman Eaton, who is one of the two newcomers to this year's council, was put out by the formal by-law and second reading of the by-law, and the resolution of the council into a committee as a whole for consideration of it clause by clause.

NEWS IN BRIEF

There will be a general meeting of the Federated Council of Youth on Wednesday evening at 8 o'clock at the Y.M.C.A.

Officers of the Royal Oak Burial Park Board will be elected at the annual meeting in the City Hall tomorrow evening at 8 o'clock.

The first game in the Howard Russell Cup rugby series will be played tomorrow at Victoria High School grounds at 2.30 o'clock, between Victoria and Oak Bay School teams.

Reverend Alexander Lockley and members of the Esquimalt Council will attend Divine Service at Esquimalt United Church next Sunday at the invitation of Rev. F. W. Anderson.

The Victoria West Liberal Social Club will hold a Valentine card party this evening in the clubrooms, 414 Skinner Street, at 8 o'clock. Prizes will be given and refreshments served. All Liberals and friends are invited.

The local Council of the Amalgamated Civil Servants of Canada will hold their regular monthly meeting this evening at 8 o'clock in the clubrooms, 414 Skinner Street. All delegates are urged to attend.

Pro Patria Branch Canadian Legion will hold its monthly meeting tonight at 8 o'clock. Election of the personnel of the standing committees will take place at this meeting and as many members as possible are requested to attend.

The remains of Richard Carl La Bouché were brought to Victoria this morning by provincial police, following his sudden death early to-day at his cabin on the Keesler-Goldstream Road. The body is resting at McCall Bros' Funeral Home.

The Esquimalt Council and board of school trustees will meet tonight to discuss the 1935 school board estimates. The meeting is planned for the benefit of the council's two new members, Councilors F. G. Eaton and T. H. Hodgson, who wish further explanation of the estimates.

The third annual meeting of the committee of the Citizens' Committee for the Improvement of the City will be held in the rooms, 521 Fort Street, on Thursday afternoon at 3.15 o'clock, when audited accounts and reports for the year's work will be presented. This meeting will be open to subscribers and friends of the institution.

The Men's Guild of Christ Church Cathedral will hold their next meeting on Thursday evening at 8 o'clock, in the Memorial Hall, when Edwin Williams will give his impressions of a recent visit to England. It is hoped that other men who are interested will accept an invitation to be present.

A. B. King, counsel for the B.C. Electric Railway Company, was registered with the audience with the Court of Revision, yesterday, when the members agreed he had not filed his appeal in time. Mr. King sought a continuance of the case on the grounds that the company's case had not been heard by Mr. King.

The Department of Agriculture will shortly issue a complete register of pedigreed bulls in British Columbia. This is announced to-day. This information is being compiled for reference purposes among cattlemen as one method of improving the breeding standards. The registers are issued periodically.

William Smith and Evans Antieff were each sentenced to twenty days imprisonment, by Magistrate Jay in the City Police Court this morning, when convicted of charges of drunkenness. The former pleaded guilty and the latter not guilty. Two previous convictions were read against each of them.

Chris Behrman has just returned from Shawinigan with a female cougar which measures eight feet seven inches from head to tail. The animal is the mate of the cougar he shot last week. With his two dogs he picked up the trail of the cougar just behind Shawinigan Lake and after a run of a mile, the animal took to a tree where he shot it.

Preliminary hearing of Clifford Dawley and Owen and Hugh Pettigrew, charged with breaking and entering the Playhouse Candy shop and committing theft, will proceed next Tuesday. The case was called on by the prosecutor, Inspector J. P. C. Vance, Vancouver criminalist, who was prepared to go ahead in a week.

A letter from the Provincial Secretary to the Esquimalt Council on the subject of the amendment of the Superannuation Act was yesterday evening referred to the financial committee for report. It was pointed out by Reverend Alexander Lockley that the new form of the act would entail an increase in the superannuation contribution from about \$700 per year to over \$1,700.

An interesting programme has been arranged for the concert which the Victoria Operatic Society will hold in the clubrooms on Rockland Avenue, at the rear of the building formerly occupied by St. George's School this evening at 8.30 o'clock. Variety numbers, comic songs and some old-fashioned numbers, in appropriate dress, and a one-act play are on the programme.

The City Police Mutual Benefit Association yesterday afternoon honored Sergeant Benjamin Acreman, president of the association for the last four years, when he was presented with a clock. Chief Beasley made the presentation as a token of the members' appreciation for Sergeant Acreman's work. The sergeant expressed his thanks briefly and referred to the support he had received from the 1935 executive of the organization.

Members of the Vancouver Island section of the Alpine Club of Canada visited the Lake of the Seven Hills over the week-end. Some made the trip by foot from Goldstream Station, while others went up by way of cars and horseback. Saturday evening the members gathered around a big fire in the main hall, where yarns were spun and songs were sung. The sides of the club building were lit up on Sunday morning in order to prevent the planking. The members arrived back late Sunday afternoon.

Antarctic Explorer, Here Today, Was Snowed in at Quenean For Three Weeks; Met Comrade of Scott Polar Expedition After Thirty-three Years

"I thought I was in the Polar regions again," commented Commander Louis C. Bernacchi, O.B.E., F.R.G.S., Antarctic explorer, who was with Capt. Robert Scott on his first dash to the South Pole.

Commander Bernacchi is in Victoria to-day for the opening of Parliament and at the Empress Hotel he related some of his experiences, while snowbound recently in the Cariboo country.

I went up to Quenean because I wanted to see the Cariboo country, but I did not figure on being marooned up there. I was snowed in for three weeks. The temperature dropped to a party of fifty degrees below zero. It reminded me of the days I had spent in the Antarctic," he observed.

NO MORE POLAR WORK
"Getting too old," he ejaculated with decision, when asked by newspapermen whether he planned to again take up the pole exploration work. "No, I think you exploration days are over."

Commander Bernacchi is making his first visit to Canada and he is enjoying it immensely.

Commander Bernacchi came by rail from Vancouver, where he had been with Blackwall Evans on the depot platform at Vermilion. "When we were in the Antarctic Blackwall Evans lost a tooth by chewing on some frozen food," he said as he smiled. "As soon as I saw him I said to him, 'I remember you left your tooth in the Antarctic.'"

Blackwall Evans has had a false tooth all these years but three days before Bernacchi was due at Vermilion it came out, and it served to reintroduce the explorers on the Canadian prairie after many years of separation.

Commander Bernacchi went to the South Pole with Scott as the meteorologist of the expedition, the only member with Blackwall Evans on the polar party. He is a naval officer and during the war he was in charge of the British navy's submarine detection service.

NEW MISSING TOOTH
"I knew him as soon as I saw him," said Commander Bernacchi of his reunion with Blackwall Evans on the depot platform at Vermilion. "When we were in the Antarctic Blackwall Evans lost a tooth by chewing on some frozen food," he said as he smiled. "As soon as I saw him I said to him, 'I remember you left your tooth in the Antarctic.'"

Blackwall Evans has had a false tooth all these years but three days before Bernacchi was due at Vermilion it came out, and it served to reintroduce the explorers on the Canadian prairie after many years of separation.

Commander Bernacchi went to the South Pole with Scott as the meteorologist of the expedition, the only member with Blackwall Evans on the polar party. He is a naval officer and during the war he was in charge of the British navy's submarine detection service.

WHILE IN NEW YORK
Commander Bernacchi came across Vilhelm Steffanson, the Canadian Arctic explorer, with whom he talked about prospective air-mail routes between Great Britain and Canada across the Arctic.

While here the traveler made inquiries about the Canadian Arctic explorer, with whom he talked about prospective air-mail routes between Great Britain and Canada across the Arctic.

Then he will make his way across the United States to his home in London.

Mrs. Minnie Frances Rohovits, aged fifty-seven years, a former pupil of St. Ann's Academy, passed away in Seattle yesterday at her home, 2633 Poppleton Avenue, North. Although she had been in poor health for some time, her death occurred suddenly after a heart attack.

Mrs. Rohovits was the daughter of Alexander Murray, veteran Seattle contractor, who worked on the construction of the old King County Courthouse. She was educated at the old Denny School in Seattle and at St. Ann's School in Victoria, B.C.

Mrs. Rohovits was married in Seattle to John F. Rohovits, retired president of the Canadian Pacific Company. Survivors of Mrs. Rohovits include two sons, Gerald M. and Randolph S. Rohovits, Seattle; a sister, Mrs. Ralph Williamson, Los Angeles; and a brother, Alexander Murray, National City, Cal.

Mrs. Rohovits also reared the two daughters of her brother, who died after he and his wife had died. They are Sister Frances Mary of the Holy Angels Academy here and Helen Murray, who resides with the Rohovits family.

MOVE AND SECOND REPLY TO THRONE SPEECH
To-morrow is the second day of the second session of the eighteenth Legislature of British Columbia. The debate will open on the reply to the speech from the Throne, which was read by His Honor the Lieutenant-Governor to-day. Mr. McKern will move the reply and Mr. Archibald will second it.

MR. SPEAKER

HON. H. G. PERRY who will address the speaker's chair in the Legislature again this session. Mr. Perry, who comes from Prince George, won praise for the manner in which he presided over the last session of the House.

RAINS EFFECT CITRUS FRUIT

No Orange Shipments For Some Time; Shortage of Grapefruit; Lemons Low

Heavy rains have been pouring down on the citrus groves in California again, and on account of this, no shipments of oranges have been received in the city for over a week. New supplies of this fruit, however, are expected on Saturday.

Rain will have an effect on the price of the oranges, according to wholesalers. The excess of rain is likely to make the bulk of the fruit extra large, and the best values in the future will probably be in the large sizes.

There is a probability that there will be a slight shortage of grapefruit on the local market, as no new supplies are expected before the beginning of next week.

However the bright spot in the citrus market is the price of lemons which is the lowest it has been for a long time. A car of lemons is expected on wholesale row on Friday.

RAVANAS
A large shipment of bananas from Central America was unloaded yesterday. The shipment comprised over two carloads.

There is a scarcity of rhubarb in Victoria's stores. Practically all the forced rhubarb is being sent to the wharves, and very little reaches the Pacific Coast.

Due to a short crop in the Okanagan the onion market is very high. Shipments of local hothouse cucumbers to city distributing centres are slowly increasing in size.

PUPILS RETURN TO CEDAR HILL

While parents of Cadboro Bay and Saanich school trustees prepared for an interview at the municipal hall this evening, all children of the bay area had returned to regular classes in Cedar Hill school this morning. The improvised school in the Children's Aid Hall was vacated, after having been used to accommodate the minor grades yesterday.

TWO SENTENCED FOR VAGRANCY

Robert Curtis and Lang Sando, Vancouver unemployed, who left Macaulay Point relief camp, because they said the food was not fit to eat, were each sentenced to one month's imprisonment for vagrancy by Magistrate Jay in the City Police Court this morning.

They both pleaded guilty and asked to be given a chance to return to the mainland. They had been at Macaulay Point a week.

"No man with any feelings could stay in that camp a week," Curtis said. "The food there is not fit to eat, and if a man stayed there a month he would need medical treatment for his stomach."

A special concert committee has been chosen by the church committee of St. Mark's, to arrange for a concert in the Mountain View High School Auditorium, Friday March 8.

The funeral will be held on Thursday at 2.30 o'clock at Carter's Funeral Home. Rev. J. S. A. Bastin will officiate and the remains will be laid to rest in the family plot at Ross Bay Cemetery.

LAST RITES YESTERDAY
Funeral services for Miss Margaret Ellen Steele, who passed away Friday at the Jubilee Hospital, were held yesterday in Our Lady of Lourdes Church, the Willows. There was a large gathering of relatives and friends, and the many beautiful flowers testified to the esteem in which Miss Steele was held. Mass was celebrated by Rev. Father J. R. Buckley. The pallbearers were W. W. Baines, G. G. O'Brien, A. B. B. T. Gagnon, J. T. O'Brien and J. A. Collett. The remains were laid to rest in the family plot at Ross Bay Cemetery.

CITY FIRM ON RACING DATES

Colwood Park Association Representatives Informed Victoria Will Stand Pat

The city to-day stood firm on its decision to hold the annual fall fair here in August. At a special meeting delegates from the council, the British Columbia Agricultural Association and the racing interests have conferred in Mayor David Leeming's office to-day.

"The City Council and the agricultural association stood firm on their fair date decision," Mayor David Leeming reported following the conference. "The racing people will simply have to take their principals of our decision," he added.

The controversy has arisen over the unwillingness of the racing interests, represented here by the Colwood Park Association, to stage races during Victoria's August fair. The city has the right to approve or disapprove of dates sought by the racing interests providing the city has reasonable grounds. Consequently they have deferred approval of dates pending further consideration of the matter.

The next move appears to be up to the racing interests in Vancouver which previously stated, through the Colwood Park Association, their inability to race here during fair week.

The city contends that other meetings in British Columbia and Seattle could be held at the same time. Provision could be made for racing here during the fair.

TWO ARTISTS IN CONCERT

Mary Teitsworth and Marguerite Bitter Please Large Audience at Empress Hotel

Mary Teitsworth, soprano, and Marguerite Bitter, pianist, yesterday evening co-operated in a delightful recital at the Empress Hotel ballroom, this being the final of the Shipman concerts.

Miss Bitter opened with the colossal Bach-Tausig "Tocatta and Fugue in D Minor." Known as the "Doric," this is one of the noblest of Bach's works, and the pianist never for a moment faltered in its daring passage work, in skill and finesse of finger. The same may be said, too, of the gigantic "Theme and Variations" (Paganini-Brahms). For an encore she played most delightfully "Waltz in E Minor," by Chopin.

The vocal solo, "Barcarolle," by a modern American writer, Griffes, did not impress. While the player invested it with excellent rhythm, it suffers with musical ineptness. On the other hand the "La Danse d'Oloaf," by Ricardo Piek-Margali, in its sprightly grace and appealing tunefulness, which followed it was met with a spontaneous and enthusiastic applause. Moszkowski's "Caprice Espagnole," concluding the group, had the right exotic atmosphere it evokes.

Miss Bitter replied to the insistent demands of her listeners with the gay, airy mazurka, "Elle," by Philippe. Miss Teitsworth's clear soprano voice has warm and power, and no matter what style or period in the voice selections of her songs, she has charm and an inherent grasp of the music and the words. Take the three songs of Strauss, for instance, each had its distinctive qualities in thought, color and expression.

Strauss as a composer of songs deserves the great popularity that is his. The beautiful song, "Morgen" (Morning) and "Cecile" had their own directness, and were finely accompanied, as were also Liszt's "La Marmotte" and "Andrea Chenier," and Schubert's "Die Gletscher," both having a delightful dramatic flair and charm, and no matter what style or period in the voice selections of her songs, she has charm and an inherent grasp of the music and the words. Take the three songs of Strauss, for instance, each had its distinctive qualities in thought, color and expression.

Strasas as a composer of songs deserves the great popularity that is his. The beautiful song, "Morgen" (Morning) and "Cecile" had their own directness, and were finely accompanied, as were also Liszt's "La Marmotte" and "Andrea Chenier," and Schubert's "Die Gletscher," both having a delightful dramatic flair and charm, and no matter what style or period in the voice selections of her songs, she has charm and an inherent grasp of the music and the words. Take the three songs of Strauss, for instance, each had its distinctive qualities in thought, color and expression.

Peculiarly enough she hardly met with success in the old familiar, "O Dear, What Can the Matter Be?"

Miss M. MacDonald Called to Rest

The death occurred yesterday afternoon at the family residence, "Donalda," Benvenuto Road, Brentwood, of Miss Martha (Mattie) Sophia MacDonald.

Born in Toronto, she had resided in Brentwood for the last twelve years, and for eighteen years was a resident of Victoria. For twenty years the late Miss MacDonald was on the staff of the forestry branch at the provincial Parliament buildings.

She is survived by three sisters, Misses Cecelia, Lillian and Lillian MacDonald, at the family residence, and Mrs. W. A. McIntyre of Vancouver, also a brother, E. S. MacDonald of Mechanics Bay, B.C.

The funeral will be held on Thursday at 2.30 o'clock at Carter's Funeral Home. Rev. J. S. A. Bastin will officiate and the remains will be laid to rest in the family plot at Ross Bay Cemetery.

MANY ENTRIES FOR DISPLAY

Y.M.C.A. Hobby Fair Promises Large Exhibition of Varied Subjects

Entries for the Y.M.C.A.'s third annual Hobby Fair, which opens in the "Y" building Friday evening, are beginning to come in in a steady stream. Vivian Shoemaker, organizer of the fair, announced this morning.

More than 100 persons have signified their intention of taking part, and several of them will show more than one exhibit.

Arrangements are under way for the presence at the fair of an artistic and interesting loan exhibit from the Victoria Photographic Association. The association, composed of non-professionals, will probably display twenty or twenty-five enlargements of scenic beauty spots.

Various details of the organization of the fair were cleared up at a meeting of the fair committee yesterday evening.

DISTINGUISHED PATRONAGE
The Hobby Fair, which this year for the first time is open to adults as well as young people, has the distinguished patronage of His Honor the Lieutenant-Governor, Premier Pattullo and Hon. G. M. Weir, provincial secretary and minister of education.

The object of this year's fair is rather different from that of the two former ones. Mr. Shoemaker aims to gather the largest possible collection of exhibits more on a display than on a competitive basis. Exhibitors will, however, be awarded to prize-winners in the many different subject classes and age groups to be represented.

PAY IMPRESSIVE TRIBUTE
In the presence of many sorrowing friends, funeral services were held yesterday afternoon at Christ Church Cathedral for Mrs. Frances Maria Rohovits. Dean Quinlan conducted an impressive service during which the hymn "Now the Laborer's Task is Over" was sung. There were many beautiful floral tributes received, testifying to the high esteem in which Mrs. Rohovits was held. The following acted as pallbearers: W. Riddle, H. Purdy, W. Thompson, C. W. Brooks, T. Astley and W. Head. Interment was in the family plot at Ross Bay Cemetery.

PRIVATE SERVICES HELD
Private funeral services for Mrs. Margaret Robinson, who passed away at the Jubilee Hospital, were held yesterday in Our Lady of Lourdes Church, the Willows. There was a large gathering of relatives and friends, and the many beautiful flowers testified to the esteem in which Mrs. Steele was held. Mass was celebrated by Rev. Father J. R. Buckley. The pallbearers were: W. Baines, G. G. O'Brien, A. B. B. T. Gagnon, J. T. O'Brien and J. A. Collett. The remains were laid to rest in the family plot at Ross Bay Cemetery.

Vancouver Lions Are Second Again

Kitchener Ice Clubs Set Mark

Kitchener, Ont., Feb. 12.—The Kitchener Ice Hockey Association have completed their season and set a record for the best team in the league.

Playing forty-one games they won thirty-three, tied five and lost three. The three clubs scored 251 goals with ninety-four being tallied against them and will now enter the playoffs.

GOLFERS TEST COURSE HERE

Eastern Canadians Practice To-day for Next Week's Tournament

With a full week's practice ahead of them before the opening of the C.P.A. winter golf tournament on February 18, a number of eastern Canadian entrants have reached the city and yesterday faced the breeze at the Oak Bay course.

After experiencing temperatures lower than forty degrees below zero, the newly-arrived players rather enjoyed the exhilarating wind which sweeps the course.

Among the first of the visiting golfers to arrive were Mr. and Mrs. A. G. Lush, of Winnipeg. They are members of the Elmhurst Golf Club at the prairie city.

Others who tested the tournament course to-day were: Mr. and Mrs. R. B. Sutherland, and Mr. and Mrs. A. Murray Duncan, of Saskatoon, Sask.

Mr. and Mrs. R. M. Campbell, of Saskatoon, are also here. All the golfers are registered at the Empress Hotel.

During the week golfers will be arriving in the city from as far east as Montreal, and there will be quite a contingent from Seattle, Tacoma, Portland, Bellingham, Port Angeles and Bremerton.

Phil Taylor is back after a scouting trip and he figures that next week's tournament will be the most successful of the series.

LOCALS NAMED AS OFFICERS

Hugo Rayment and H. B. Witter Elected on B.C. Badminton Board

Vancouver, Feb. 12.—The British Columbia Badminton Association Saturday elected officers for 1935 and accepted the joint applications of the Victoria Garrison Badminton Club and the Vancouver Lawn Tennis and Badminton Club for the Canadian championships.

H. R. Rayment, Vancouver, was elected president, succeeding C. H. Rayment, Victoria, who was named vice-president.

R. D. Kimmond, Vancouver, was elected honorary secretary, and Tony Pooley, Kelowna, treasurer.

The executive committee includes: F. Gooding, Duncan; H. B. Witter, Victoria; and W. G. McKenna, New Westminster.

The meeting decided to accept applications from the Victoria and Vancouver clubs for the Canadian tournament and will forward them to the Canadian Badminton Association.

In the event the Dominion body awards the trophy to one club, the application of the other will be withdrawn.

If the championships are awarded merely to British Columbia, the venue will be decided by the Coast association, the latter body to hold a further meeting on the matter.

WOMEN'S INDOOR NET MEET OPENS

With one of the strongest fields in years, an array that includes an entrant from overseas, the twenty-eight women's United States indoor tennis championships promises to develop into more than just another tournament.

In addition to the return of virtually all of last year's contestants, from whom Norma Taubert, New York, emerged the winner, the field includes Mrs. Dorothy Andrus, the Stamford, Penn. millionairess, who until last summer played much of her tennis abroad, and Silvia Henrotin, second ranking French star.

Miss Owen and Mrs. Butt lost to Misses Henrotin and Southcott 5-15, 10-15, 10-15, and defeated Misses Fox and P. Lemon 15-8.

Miss Owen and Mrs. Butt lost to Misses Henrotin and Southcott 5-15, 10-15, 10-15, and defeated Misses Fox and P. Lemon 15-8.

Mrs. Butts and Martin lost to Miss Fox and Lemon 11-15, and lost to Mrs. F. Lemon and Southcott 5-15.

Miss Gooding and Henrotin lost to Miss Fox and Lemon 11-15, and defeated Misses P. Lemon and Southcott 15-8.

Dr. V. W. Tariton and J. Martin, who tied for the men's monthly medal at the Cowichan golf links, decided the winner, last Thursday, when the latter won the prize.

There were only six couples for the men's tournament, played on the links Sunday, for which the prizes were presented by T. H. Kingscott, R. Bates and N. Martin were the winners.

ROBBER PRACTICE
All players on the Fifth Brigade intermediate rugby team are requested to turn out for a practice evening at 7 o'clock at the Athletic Park.

PARDON MY STICK, PLEASE

Did you see that, Mister Referee? But maybe you were looking the other way when King Chaney, left, of the Toronto Maple Leafs, rather neatly dumped up Normie Himes, New York American's centre, with his hockey stick. Normie is shown taking a header on the ice during a slam-bang 5 to 5 tie game in Gotham.

Boucher-Jackson In Keen Struggle

Deadlocked For Second Place in National Hockey League Scoring, Each With Thirty-four Points; Charlie Conacher Still Out in Front

Montreal, Feb. 12.—White Charlie Conacher, giant right-winger of the Toronto Maple Leafs, still dominates National Hockey League official scoring sheets, the main fight centres around second and third positions in the lists issued here yesterday evening.

Conacher tops the scoring with a total of thirty-nine points, made up of twenty-one goals and eighteen assists. He is followed by Boucher and Jackson, each with thirty-four points.

Scoring leaders follow:

First period—Boucher, Conacher, Gagne (Carle), 14:12; 2, Vancouver, Kirk (Brennan), 18:12. Penalties: Hutton, Sutherland and Gagne.

Second period—Vancouver, Gagne (Carle), 12:40; 4, Edmonton, Gagne (Carle), 13:00; 5, Vancouver, Gagne (Carle), 16:28. Penalties: Hutton, Sutherland, Gagne.

Third period—Edmonton, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Kirk (Smith), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Fourth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Fifth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Sixth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Seventh period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Eighth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Ninth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Tenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Eleventh period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Twelfth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Thirteenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Fourteenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Fifteenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Sixteenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Seventeenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Eighteenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Nineteenth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Twentieth period—Vancouver, Gagne (Carle), 1:05; 7, Edmonton, Gagne (Carle), 2:25; 8, Vancouver, Gagne (Carle), 3:41; 9, Vancouver, Gagne (Carle), 4:10; 10, Vancouver, Gagne (Carle), 4:40; 11, Vancouver, Gagne (Carle), 5:10; 12, Vancouver, Gagne (Carle), 5:40. Penalties: Hutton, Sutherland and Gagne.

Theoretical Limits For Track Athletes

Scientific Research Reveals Only Twenty-seven Hundredths of a Second Can Be Clipped From 100-Yard Record; Four-minute Mile Out at Present; Two "Perfect" Marks Now

By ALAN GOULD
Associated Press Sports Editor
New York, Feb. 12.—The best that any mercury-footed runner can hope to do in future attacks on world records is to clip only twenty-seven hundredths of a second off the present record of 14.4 seconds for the 100-yard dash or trim as much as 1.04 seconds off the existing standard of 4:06.7 for the mile run.

In other words, for the first time in athletic history theoretical limits have been fixed for what the human body can do on foot as well as in other manifestations of track and field sport. The ultimate in the two events which have vexed runners for years is 1.13 seconds for the 100-yard sprint and 4 minutes, 1.88 seconds for the mile.

The figures are based on scientific research made by Finnish mathematicians and developed into definite conclusions by Brutus Hamilton, head track and field coach at the University of California.

Hamilton's findings are published in the February issue of the Amateur Athlete, official organ of the National Amateur Athletic Union.

Although Hamilton regards the nine-second "100" as an impossibility and the much-discussed four-minute mile as beyond the reach of the present record-holder, Glenn Cunningham, as well as his two domestic rivals, Bill Bontrouth and Gene Venzke, the Golden Bear coach concedes we will some day see fifteen seconds for the mile and a half, and twenty-seven seconds for the mile and a half.

However, science figures that man never will high jump seven feet, based probably on the fact that in forty years less than forty inches has been added to the world record which now stands at 6 feet 9 1/4 inches and is held by Walter Marty, a Californian.

Two "perfect" records are on the books, the 100-yard dash and the 100-yard freestyle, both held by the same man, Hamilton, backed up by scientific research. These are the time of 14.4 seconds for the 100-yard dash, made at the 1923 Olympics by Bill Carr, Pennsylvania, and the 100-yard freestyle, made at the 1923 Olympics by Bill Carr, Pennsylvania, and the 100-yard freestyle, made at the 1923 Olympics by Bill Carr, Pennsylvania.

Hamilton's findings are published in the February issue of the Amateur Athlete, official organ of the National Amateur Athletic Union.

Ruth-Larwood Test Is Off

London, Feb. 12.—A proposed test between Babe Ruth, baseball's home run king, and Harold Larwood, cricket's famous fast bowler, to determine whether a bowler is faster than a baseball pitcher, apparently has fallen through since it is impossible for Larwood to come to London during Ruth's stay here.

FIVE CANADIAN MARKS BROKEN

Bob Pirie, Toronto, Leads Onslaught on Dominion Swimming Records

Kingsport, Ont., Feb. 12.—Five Canadian swimming records were broken and one equaled when University of Michigan, United States intercollegiate champion, defeated an all-star Ontario team 45 to 25, in an eight-event swimming meet here Saturday.

Bob Pirie, Toronto youngster, was the individual star, breaking two records. In the 440-yard freestyle, he stroked to victory over Ted Robertson, Michigan star, in 4:57, slightly above the world record. His time of 2:16 for the 220-yard freestyle race was a new Dominion mark.

Kearney, Michigan, gave a record-breaking performance by swimming the 100-yards breast-stroke even in 1:07 1/2, and his teammate, Coxy, followed this by breaking the 100-yards back-stroke record with a time of 1:06.04.

The Michigan medley relay team of Coxy, Kearney and Barnard set a new record time in the 300-yards medley relay, being timed in 3:06.2.

George Burleigh, Toronto, equaled the record time of 5:44 in the 100-yard freestyle race.

Two "perfect" records are on the books, the 100-yard dash and the 100-yard freestyle, both held by the same man, Hamilton, backed up by scientific research. Fractional Changes In Season's Dullest Winnipeg Session

Winnipeg, Feb. 12.—Grains dawdled today in the dullest Winnipeg grain exchange session of the season. Lack of news restricted operations and wheat prices closed 1/4¢ higher to unchanged, May at 50¢, and July 51 1/2¢. Closing of United States markets in observance of Abraham Lincoln's birthday restricted financial news.

Fractionally higher prices at Liverpool and Buenos Aires brought no response here. Report sales of Canadian wheat were confined to a few small lots on which no figures were placed. The day's trading range was limited to a small fraction.

Liverpool appeared irregular, due to cheaper offers from Canadian and Argentine wheat exporters, and closed 1/4¢ to 1/2¢ higher. Buenos Aires at noon was 1/4¢ advanced.

Country deliveries of wheat Monday totaled 200,000 bushels, compared to the 220,000-bushel receipts on the same day last year.

Cash grains were featureless and cash coarse grains were barely stirred.

Countdown—deliveries of wheat Sunday through Saturday to the country to the 320,000-bushel receipts on the same day last year.				
Cash grains were featureless and cash contracts were barely stirred.
